The statement in the dispatches that the case would be appealed to the state supreme court is evidently a mistake, as such an appeal cannot be made. And it would seem to be as idle to carry the case to the U.S. supreme court, in view of the recent decision of that tribunal on the case referred to. It must be clear to all, by this time, that the only recourse left for putting an end to the question is for congress to pass the necessary enabling act.
